

AOPA Rusty Pilot Event

Returning to the skies is not as difficult as most rusty pilots think. We're inviting you back in the cockpit and will help you get there. Come and participate in a FREE Rusty Pilots program with fellow lapsed pilots. The Rusty Pilots program is developed by AOPA in partnership with Ventura Flight Training in order to create the best environment for getting you back in the air and a part of the general aviation community. It is easier than most people think – no FAA checkride or test. Might not even need a medical. Participate in Rusty Pilots and you've fulfilled the ground instruction required of the flight review.

Directions: Please see the "Additional Seminar Information" section for driving directions.
